(1) Including partners' interest in jointly controlled subsidiaries.
(2) Land parceling units were excluded from the calculation of total private area launched, average area and average price, in order to avoid distortions.

⁽³⁾ EBITDA is used by our management as a measure of performance. Our EBITDA has been calculated pursuant to CVM Circular 1/2005, which provides that EBITDA may be defined as profit before net financial income (expenses), income tax and social contributions, depreciation and amortization. EBITDA is not a performance measure included in BR GAAP and does not represent cash flow for the periods presented. EBITDA should not be considered as a substitute for net income as an

Comments on 4Q07 and 2007 results

indicator of operating performance neither as a substitute for cash flow nor as an indicator of liquidity. Given that EBITDA has no standardized meaning, our definition of EBITDA may not be comparable to the EBITDA used by other companies.

PDG REALTY - 2007 OVERVIEW

The table below presents the breakdown of our 2007 results by segment:

Cogmont	Launches	Sales	Landbank	Net	EBITDA	Net

Mid income: units from R\$251k up to R\$500k Mid-high income: units from R\$501k up to R\$999k

High income: units above R\$1,000k

EXPOSURE TO THE LOW INCOME SEGMENT

In line with our strategic plan, our operations presented a great exposure to the low income segment during 2007, particularly in the 4Q07. Due to the relevance in our operations we are once again breaking down the operational and financial figures for the low income segment in a specific session.

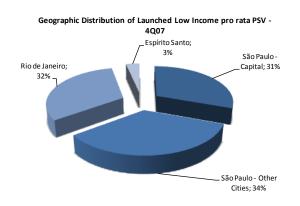

As seen above, 96% of our launched *pro rata* PSV in the 4Q07 was in the low income segment, representing R\$454.7 in launched PSV. In 2007, the Low Income segment represented 67% of our launched *pro rata* PSV, totaling R\$828.1 million.

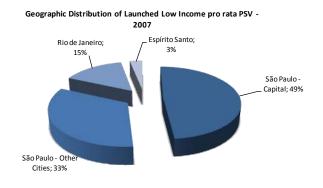

On the charts below we present the geographic distribution of our Low Income launches:

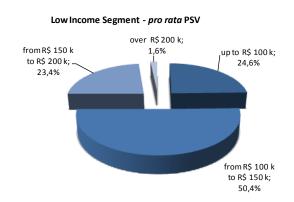

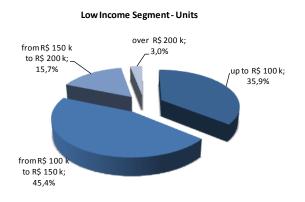

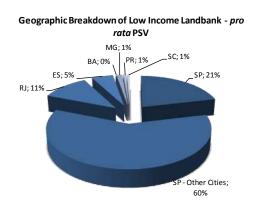

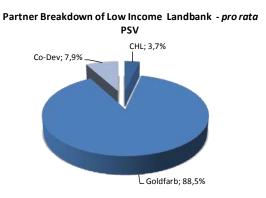

The Low Income Landbank has reached R\$4.2 billion, distributed in 47 thousand units:

OPERATIONAL PERFORMANCE

Sales

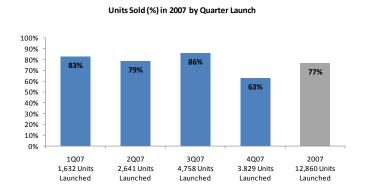

The contracted sales in 4Q07 (up to December 31st, 2007) totaled R\$428 million (PDG Realty's pro rata). For 2007 full year, the total contracted sales were of R\$2,077 billion, with R\$970 million of PDG Realty's stake.

We consider the metric below, in which we can see the sales speed of the 2007 launchings divided by quarters, even more important. We highlight that 77% of all units launched in 2007 are sold at this moment.

The table below shows the main figures for the projects launched in 4Q07:

Launches

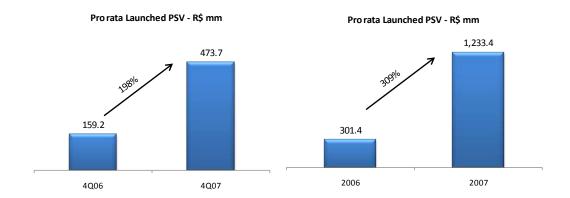

In 4Q07 we participated in launches representing a total PSV of R\$631 millions, with the PDG Realty's stake coming to R\$474 millions.

Our total PSV launched for the year reached R\$2.26 billions, R\$1.23 billion of which representing PDG Realty's pro rata stake, an increase of 309% over 2006:

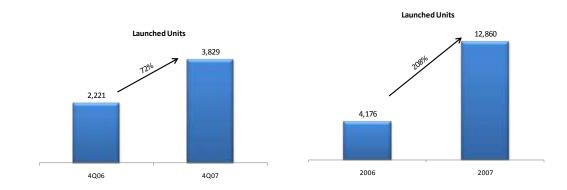

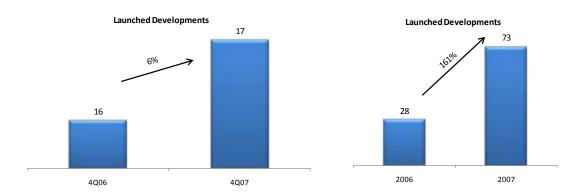

12,860 units were launched in 2007, representing a 208% increase when compared to 2006.

The number of projects also increased, as shown in the charts below:

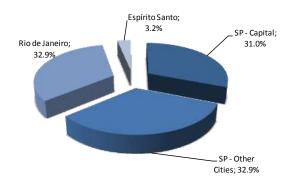

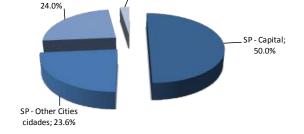

The charts below show the breakdown of launches by geography and partner:

LANDBANK

PDG Realty's pro rata landbank currently totals R\$5.7 billions, distributed across 239 projects. Compared to 4Q06 this represents an increase of 182%.

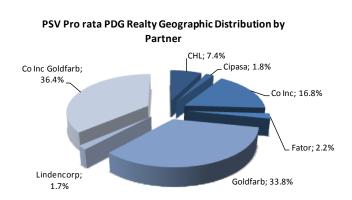

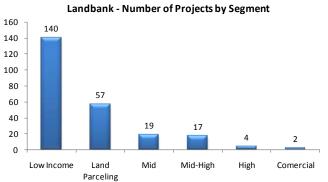

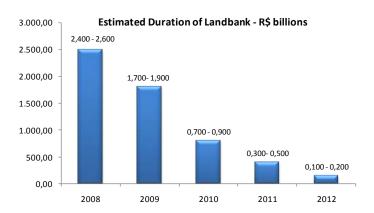

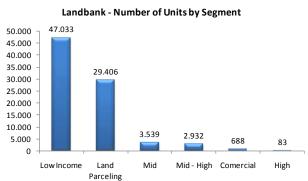

The chart below analyzes the projected distribution of PDG Realty's pro rata PSV in landbank from year to year and by income segment:

RECENT EVENTS

Increase of equity stake in Goldfarb to 80%, with option to buy the additional 20%

On August 31, 2007, PDG Realty exercised the option to acquire an additional 5% (five percent) stake in Goldfarb's equity, as stipulated in the Memorandum of Understanding with Goldfarb's shareholders and disclosed to the market through a material fact announcement on the same date, increasing the Company's interest in Goldfarb's equity to 80% (eighty percent).

With the option exercise, PDG Realty made a capital increase of R\$100 million in Goldfarb and submitted a proposal to shareholders for incorporating the holding company that held 2.5% of Goldfarb by issuing 1,136,364 new common shares of PDG Realty. This transaction followed the same model as the transactions used to increase PDG Realty's equity participation in June 2007 and September 2007.

In addition, PDG Realty and other Goldfarb's shareholders entered into a mutual option agreement regarding the acquisition of the remaining 20% of Goldfarb's capital by PDG Realty. The option may be exercised annually by either party in four tranches, starting in 2009 after the Annual Shareholders' Meeting that approves the accounts for fiscal 2008.

The share purchase and issuance of new shares were both approved by an Extraordinary Shareholders' Meeting held on December 21, 2007. Goldfarb's economic value, for the purpose of exercising these options, will be determined by means of a comparison of price/earnings (PE) ratios, with 35% discount in relation to the multiple of PDG Realty each year, from 2009 to 2012, based on the audited net income of the previous year.

CHL- Goldfarb Joint Venture

On November 23, 2007, CHL and Goldfarb signed a joint venture agreement in which each company will held a 50% stake to develop and construct projects on the low income segment in Rio de Janeiro state. This company will be called GC Desenvolvimento Imobiliário S/A ("GC JV").

The partnership has already five projects in its portfolio, with total PSV of R\$326 millions (PDG Realty's pro rata PSV of R\$225 millions), three of them should be launched by the end of the first quarter of 2008. GC JV intends to launch between 2,000 and 4,000 units annually starting in 2008.

The objective of this joint venture is to serve the growing low income real estate market and its unsupplied demand. The joint venture also aims to achieve integration and synergy between the companies.

Increase of interest in CHL to 70%, with option to buy remaining 30% interest

On November 27, 2007, we increased our interest in CHL Desenvolvimento Imobiliário S.A. by (i) increasing CHL's capital by R\$100 millions, bringing PDG Realty's stake to 57.69% of CHL's common

shares (for the purposes of this transaction, the pre money valuation of CHL was R\$550 millions); and (ii) incorporating a holding company with a 12.31% interest in CHL's capital stock into PDG Realty, with 3.2 million new PDG Realty's shares been issued.

Additionally, PDG Realty and the remaining shareholders of CHL entered into a mutual option agreement regarding the acquisition of the remaining 30% of CHL by PDG Realty. The option may be exercised annually by any of the parties in four tranches, starting in 2009 after the Annual General Meeting convened to approve the accounting numbers for fiscal year of 2008. The first option tranche is for 6% and the subsequent tranches are for 8% of CHL's common shares. The acquisition will be concluded by the issuance of PDG Realty's new shares, pursuant to the proposal to be submitted to the shareholders.

CHL's economic value for purposes exercising these options will be calculated by comparing price/earnings (PE) ratios, with a 35% discount in relation to the PE ratio of PDG Realty for each year from 2009 to 2012, based on audited net income of the respective previous year.

PDG Realty Partnership with Terrano Empreendimentos Imobiliários

The partnership will originate opportunities to invest in residential developments focused on the low income segment, which will be developed by Goldfarb using the concept of Planned Neighborhoods.

The partnership will focus on projects in the states of Goiás, Pará, Mato Grosso do Sul and the Federal District, which will be developed by a holding company in which PDG Realty holds 80% interest and Goldfarb's remaining shareholders the other 20% interest.

Terrano's executive partners have over 20 years of experience in residential land parceling in the Brazilian Center-West and North, having achieved great success in their real estate launches.

We believe this partnership will lead to the development of land parceling projects, mainly for the low-income segment, in which PDG Realty's pro rata PSV will total up to R\$ 200 million year, starting in 2009.

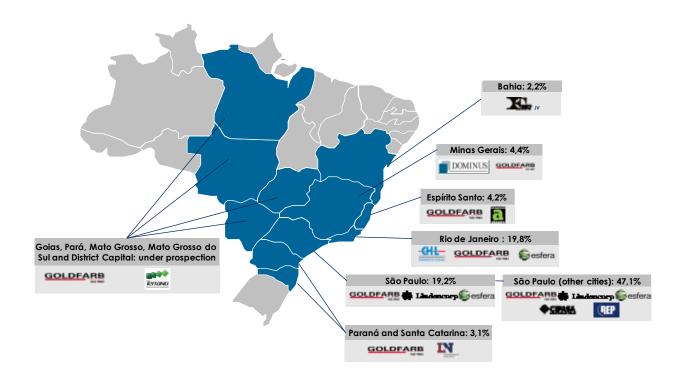

Geographic Expansion

In 2007 PDG Realty was able to further expand its geographic presence, which now covers 12 states and 44 cities, as shown in the map below (geographic distribution of pro rata PSV in PDG Realty's land bank):

Goldfarb Partnership with the Caixa Econômica Federal (CEF)

This partnership will enable Goldfarb to act as a business agent for the CEF with homebuyers and borrowers. Moreover, all operational and administrative tasks related to customers' credit approval process will be centralized in the company's internal team, accelerating the approval process and subsequently speeding up payments made by CEF under the "Crédito Associativo" model, with an important positive impact on Goldfarb's cash flow.

In addition, customers who can document prompt payment of rent for 12 months will have an equivalent value pre-approved as their monthly loan repayment amount, under a CEF incentive program. This factor will facilitate Goldfarb's operations as a business agent the credit approval process for its clients.

Today, Goldfarb is one of the largest CEF operators, and according to CEF data, Goldfarb has already delivered more than 32,000 residential units. In one year Goldfarb more than tripled its launches, from 2,600 in 2006 to 8,100 units in 2007.

Through this partnership, CEF expects to finance 12,000 residential units for Goldfarb customers per year, for a total of some R\$1.2 billion in home financing.

INVESTMENTS IN SERVICES: BRASIL BROKERS

Brasil Brokers is currently the largest real estate consulting and brokerage group in Brazil.

The company has presence in all five regions of Brazil, acting as a broker in transactions involving buildings, residential units, land parceling, shopping centers, commercial buildings, flats and hotels.

Brasil Brokers is currently composed of 22 real estate brokerage firms, all recognized as significant players in their respective markets. This provides Brasil Brokers the strongest sales force in Brazil: more than 4,600 brokers at over 600 sales points.

PDG Realty owns roughly 6% of Brasil Brokers, participates in the company's management, and has a seat on its Board of Directors.

INCOME GENERATION PROJECTS

PDG Realty has expanded its investments in income-oriented projects, mainly through our stake in REP. REP focuses on developing and managing convenience retail shopping centers, most of them small and medium-size shopping malls.

REP's partners have over 20 years of experience in the development of income-generating projects, having taken part in over 40 developments and launched some 550,000m² in GLA (gross leasable area).

Shown below are some of the types of project REP develops for its portfolio:

Convenience And Service Centers

- Concept: one-stop-shop
- Union of many convenience and service operations with mix synergy
- Assistance to the public and local population
- Located in busy streets and avenues
- Safety and parking at the venue
- GLA of up to 5,000 m2

Community Shopping Malls

- Markets of 100,000 to 500,000 inhabitants
- B and C Segments
- GLA between 10,000 and 20,000 m²
- Anchor stores operating throughout the country
- Localization suitable to the community's routine
- Meet daily needs
- Do not compete with regional shopping malls

Built-to-suit & Retail Expansion

- Customized development: study, site location, construction and rental under REP's responsibility
- Revenue generation and proximity to big retail chains
- Site location: identification of real estate opportunities for clients, negotiation on his name and management of the transaction
- Focus on large retail chains: partners in other REP developments

The company already presents a significant portfolio of businesses and intends to expand its activities substantially in the years to come, as shown in the table below:

Besides the projects shown above, REP is already negotiating its participation in 20 other projects with total potential GLA of 224,000 m².

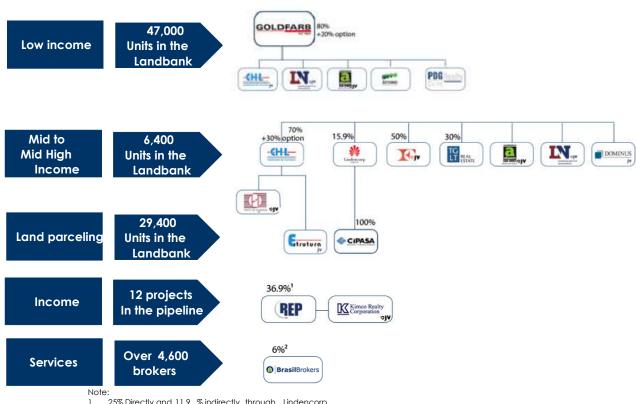

REP entered into a joint venture and quotaholder agreement with Kimco Realty Corporation in October 2007 for the development of real estate projects focused on income generation.

The Companies intend to focus their activities on developing local malls and Service and Convenience Centers (SCC).

Initially, the Companies plan to invest up to US\$150 millions in real estate projects in Brazil. Kimco and REP will take stakes of 70% and 30%, respectively, with REP in charge for the development, management and administration of the projects.

PORTFOLIO OF INVESTMENTS AND CO-DEVELOPMENTS

PDG Realty has been successful in creating new businesses based on the private equity model and on establishing new partnerships with companies with proven track records.

2003 Launches	2,889	0.5%
TOTAL	552,018	100.0%

Comments on 4Q07 and 2007 results

Cost of Units Sold

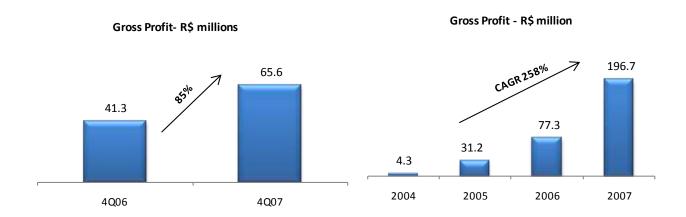

The cost of units sold increased from R\$61.0 million in the fourth quarter of 2006 to R\$125.2 million in the fourth quarter of 2007.

For 2007, the cost of units sold reached R\$ 355,3 million, a 59% increase when compared to 2006.

Gross Profit

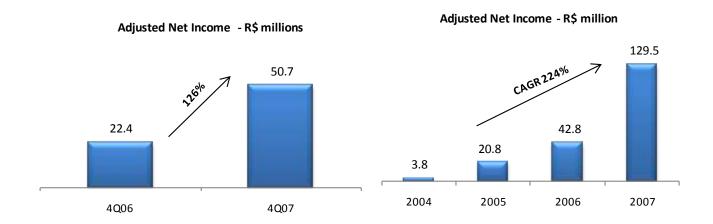

Gross profit for the quarter was R\$65,6 million, an increase of 59% over the same period in 2006.

For 2007, Gross profit reached R\$196,7 millions, representing a 154% increase when compared to 2006.

Adjusted Net Earnings

Our net earnings grew from R\$22.4 million in the fourth quarter of 2006 to R\$50,7 million in the fourth quarter of 2007, an increase of 129%. Net earnings for 2007 as a whole was R\$129,5 million, compared with R\$42.8 million in 2006, an increase of 156%.

EBITDA

Set forth below is the method for calculating EBITDA 2006 and 2007:

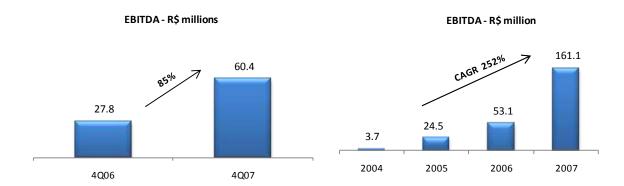

EBITDA		
	2007	2006 (adjusted)
Income (loss) before taxes	122,786	51,734
(-/+) Interes Income / Expenses	21,743	889
(+) Depreciation and Amortization	16,571	448
EBITDA (1)	161,100	53,071
EBITDA Margin (2)	29.2%	26.8%

Below we present EBITDA for the fourth quarter of 2006 and 2007:

EBITDA		
	4Q07	4Q06
Income (loss) before taxes	35,388	25,141
(-/+) Interes Income / Expenses	18,185	2,448
(+) Depreciation and Amortization	6,562	211
EBITDA (1)	60,405	27,800
EBITDA Margin (2)	39.1%	27.2%

⁽¹⁾ EBITDA consists of income before net financial revenue (expenses), income tax and social contributions, depreciation and amortization. EBITDA is not a measure used under BR GAAP O EBITDA, does not represent cash flows for the periods presented, and should not be considered a substitute for net profit as an indicator of our operational performance or as a substitute for cash flow as an indicator of liquidity. EBITDA has no standard definition, and our method of calculating EBITDA may not be comparable to that used by other companies.

(2) EBITDA divided by net operating revenue.

Deferred Income:

Deferred Income (R\$ thousand)	4Q07	4Q06
Deferred Revenue	681.686	330.072
Deferred Costs	412.054	235.845
Deferred Commercial Expenses	18.397	12.930
Total	251.235	81.297
Deferred margin	36,9%	24,6%

ABOUT PDG REALTY S/A

PDG Realty concentrates on two fields of activity: joint ventures with several real estate developers and the acquisition of relevant corporate interests via private equity investments. The Company seeks to maximize the value of its investees by ensuring they have sufficient funds for future investments and streamlining their management and implementing the most up-to-date corporate governance practices, all focused on the efficient handling of available assets and resources.
